

ASSEMBLY INSTRUCTIONS - example with no. 2 floor lamps

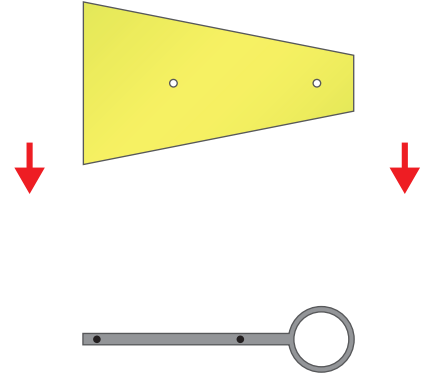

1. Join the circular base to the vertical pole, fixing the parts with the screw and Allen key supplied.

TOP VIEW

2. Apply the metal support with double rings to the shelf using screws.

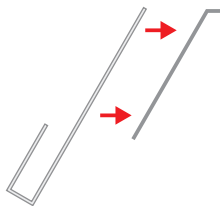

TOP VIEW

3. Apply the ringed metal support to the trapezoidal shelf using screws.

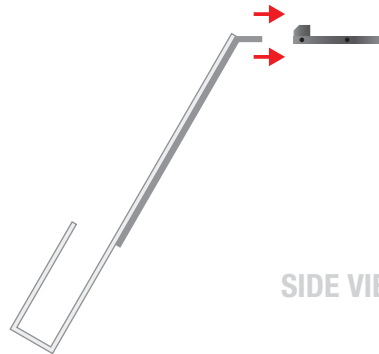

FRONT VIEW

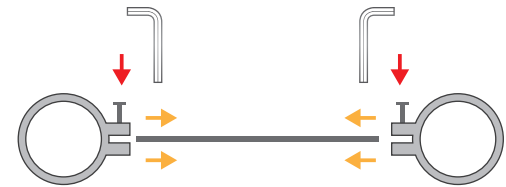

SIDE VIEW

4. Apply the metal support to the back of the plexiglass brochure pocket and secure with screws.

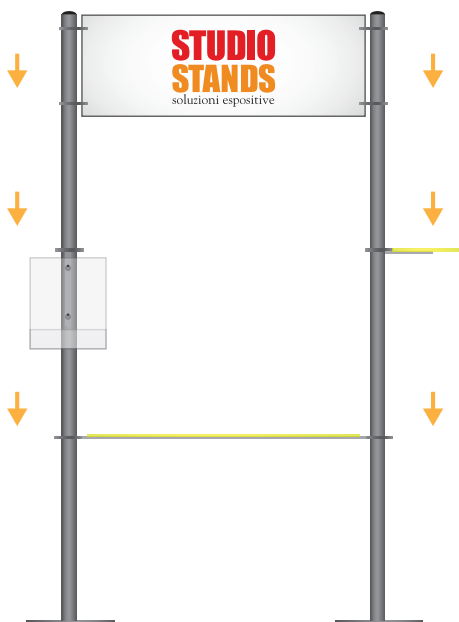

SIDE VIEW

5. Insert the metal support into the ring and lock by acting on the screw

6. Apply one or more pairs of rings (depending on the size of the panel) and secure using the screws

7. Insert the accessories onto the floor lamps and lock them at the desired height by acting on the knobs of the rings

NOTE - The one presented is only a typical configuration that can be created with the DNA floor lamp system and can be expanded and accessorized according to your needs.
