

ASSEMBLY INSTRUCTIONS

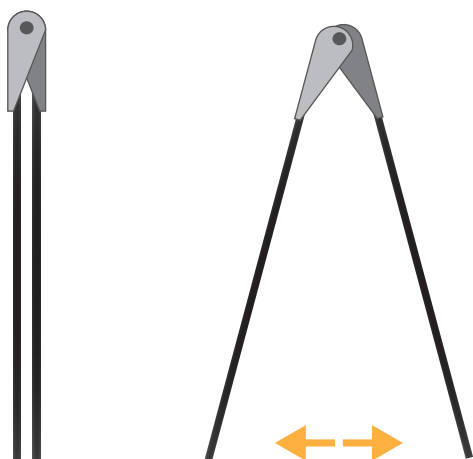

Black Board Blackboard can be drawn with liquid chalk markers (purchasable from the optional section of our store) or with normal chalk (white or colored) - **ATTENTION** - if you use chalk, we recommend not applying excessive pressure to avoid scratching the surface of the panel

WALL VERSION

Black Board Blackboard can be applied to flat surfaces by placing good double-sided tape on the back; for outdoor use we recommend using nails / screws + plugs

STAND VERSION

Spread the panels apart until the desired stability is achieved

PEDESTAL VERSION

Insert the panel into the pedestal and secure with the screws supplied
