

## ASSEMBLY INSTRUCTIONS

**1.** Insert the 70 cm / 100 cm tubes into the slots of the print and into the four joints located in correspondence with the cut out spaces.

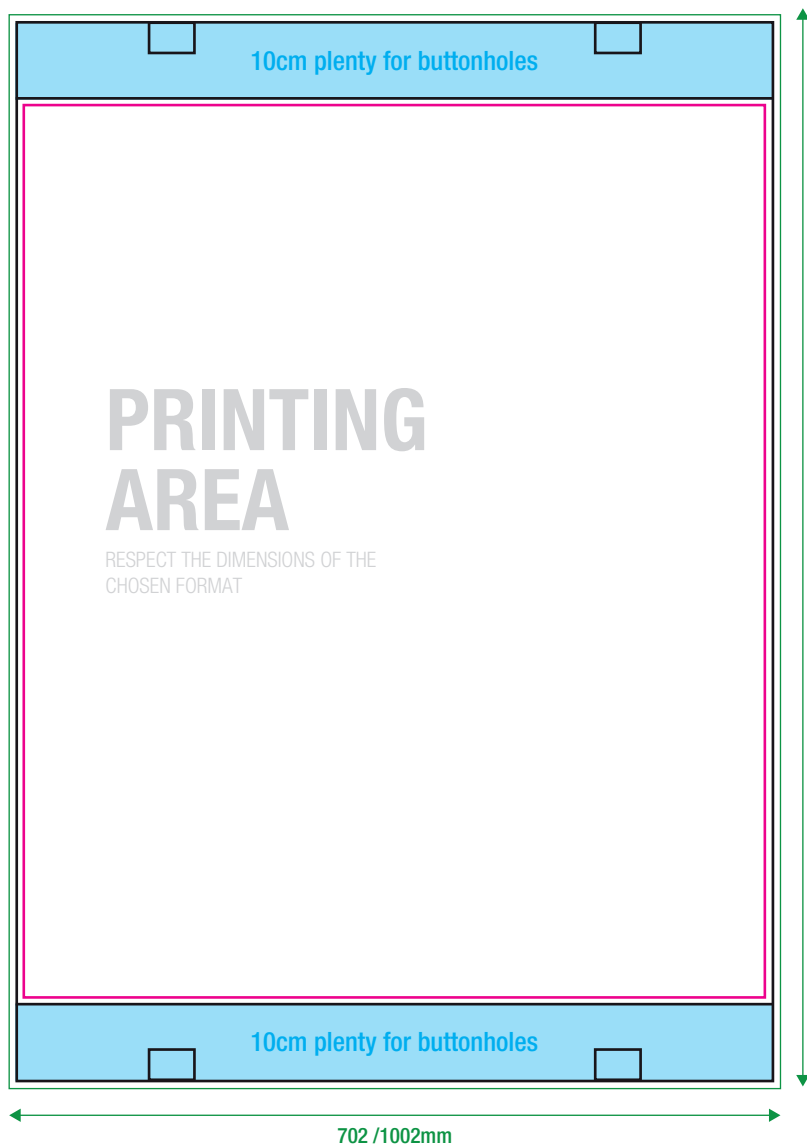

**2.** Connect these four joints with the two present at the ends of the horizontal crosspiece by inserting the 50 cm / 70 cm tubes.

**3.** Fix SpiderX to the wall using the holes in the center of the horizontal crosspiece joints

Our structures are made with quality, robust and lightweight materials which guarantee their resistance and practicality. This display is for indoor use only and must be handled with care so as not to compromise its stability and durability.
